

TAFT AND ROOSEVELT IN  
CLOSE POLITICAL PACTPresident Will Back Roosevelt's Fight  
Against Bossism And for the  
Direct Primary

NEW YORK, Sept. 20.—Colonel Roosevelt reached the Outlook office later than usual this morning, and he appeared tired. He told the correspondents he had no statement to make in regard to his interview with President Taft yesterday at New Haven. He said he wants it distinctly understood that he will not tolerate any compromise at the Saratoga Republican convention. Intimate friends say the Colonel today gave the impression that he has no cause for exultation and that if he expected President Taft's aid in the New York situation, he has been disappointed. The conference's effect on the situation is still problematical.

It is not known whether Roosevelt suggested Otto Bannard's gubernatorial candidacy to Taft, but there is little disposition on Taft's part to support anyone before the nominating committee completes its work.

Taft is Real Leader

ABOARD TAFT TRAIN (Columbus) Sept. 20.—That President Taft is the real leader and plans to hold the leadership despite Col. Roosevelt and that open opposition to Roosevelt may develop in the administration soon is the belief of politicians throughout the country judging from the telegrams the president received today. Messages from every section of the country congratulate the president on his stand in the Roosevelt conference. All appear to infer that the president refused Roosevelt's requests yesterday. His close friends admit the situation is delicate.

NEW HAVEN, Conn., Sept. 20.—The meeting which took place yesterday afternoon at the residence of Horace C. White, between President Taft and Colonel Roosevelt, resulted in a clear understanding between the two men, as the New York situation was threshed out.

The President is in hearty sympathy with the fight against bossism in New York and will stand firmly by Colonel Roosevelt in the impending contest on the basis of his letter to Chairman Griscom, on Vice President Sherman's selection as temporary chairman of the Saratoga convention.

The President favors direct primary legislation on the basis laid down in the Cobb bill, as amended in accordance with the suggestions of Seth Low, Joseph H. Choate and other New York citizens; that is to say, the President believes that it will be better to try an experiment with direct primaries in New York as regards congressional, state, senatorial and assembly nominations, preserving the state convention for the time being in the nomination of other officials.

Finally, the President believes that a man should be nominated for governor whose ideas are in sympathy with this program.

It is understood that Taft's administration will be endorsed by the New York convention, but no mention of his or any other candidacy for 1912 will be mentioned. Taft himself deprecates any endorsements of him by the state conventions for the 1912 nomination.

WILL HAVE LIGHTHOUSE  
ON PEDRO BREAKWATER

SAN PEDRO, Sept. 20.—Charles Sperry, superintendent for the Eighteenth Lighthouse District, was here yesterday making arrangements to establish a five-day lens lantern on the concrete block at the outer edge of the breakwater. He has also advertised for a keeper of the light. The establishment of this light will only be temporary, as the permanent plans call for a twenty-foot steel tower with a house, and a large light and fog signals. The house will be for the use of the keeper and for storage purposes.

19-YEAR OLD GIRL HELD  
UP AND ROBBED IN CITY

LOS ANGELES, Sept. 20.—Miss Louise Henning, a pretty 19-year-old girl, was held up by two men, chloroformed, robbed of \$15 and left unconscious in an alley near Fifty-first street and Central avenue shortly before midnight last night.

Miss Henning, who is employed in the family of Dr. Henry Hall, Thirty-sixth and Central, was on her way from the Hall residence to her own home at 1000 East Fifty-third street.

CHIEF MARTIN OFF  
FOR HIS VACATION

Succeeded by Captain Wall  
Whose Slogan is "Keep  
the Lid on"

SAN FRANCISCO, Sept. 20.—Chief of Police John Martin has turned over his office to Captain Eugene Wall. Martin is ostensibly on a vacation but those in a position to know profess his leaving is the first step in retirement to private life. The action follows closely the charges of graft in the tenderloin.

Wall's first order is:  
"Keep the lid on the tenderloin."

JAPANESE GARDEN WILL  
BE BEAUTY SPOT OF CITY

LOS ANGELES, Sept. 20.—A Japanese garden is to be established in Los Angeles, according to the decision of the Board of Park Commissioners yesterday. Park Superintendent Shearer was authorized to select a suitable location in one of the city's parks and engage the services of a reliable Japanese horticulturist.

The proposed garden will contain eventually all the choicest varieties of Japanese flowers and plants and the Board intends to have the work started without delay so that the bulbs may be in blossom by next spring.

COMMERCIAL BODIES  
WILL PROMOTE TRAVEL

LOS ANGELES, Sept. 20.—Chamber of Commerce Committees in joint session, decided yesterday to recommend to the directors that a conference be held with representatives from the commercial bodies of Southern California to consider ways and means to protect and promote colonial and tourist travel to this section.

BELIEVES THAT TAFT  
IS STANDING BY

Ballinger Depends on President  
Till Report of Committee  
Is Submitted

WASHINGTON, Sept. 20.—That President Taft's attitude in regard to Secretary Ballinger is unchanged and that he will support the secretary until the report of the investigating committee is submitted, was the declaration today of E. C. Finney, Ballinger's private secretary.

"Ballinger kept in touch with Taft during his western trip," Finney said. "He is assured the reported change in President Taft's attitude is unfounded. Taft is deliberate and acts slowly. Concerning the report that Taft tacitly approved of the attempts to secure Ballinger's resignation, I think the President will soon have something to say."

Finney does not think the majority report of the Ballinger committee will be given out before December.

BURGLARS CUT OUT GLASS  
AND STEAL MANY WATCHES

LOS ANGELES, Sept. 20.—Burglars cut a plateglass window in the jewelry store of Donovan & Seamans, on South Spring street, and stole a tray containing gold watches valued at \$300. They surprised the watchman and escaped without leaving any clue.

STATEMENTS ARE ISSUED BY  
DISTRICT ATTORNEY'S OFFICE  
CONCERNING GARLAND AFFAIR

Some comment having been made concerning the attitude of the district attorney's office in regard to charges brought against Street Superintendent Ward, statements were issued from that office today to show why the office had not prosecuted Ward.

The statements follow:

Statement By District Attorney S. S. Finley

In regard to the Ward-Garland case, District Attorney Davis said today:

"When Mrs. Sarah Garland came to the office about the alleged assault upon her daughter, Nellie, it was about three weeks after its occurrence. Through the officers and in every way possible we endeavored to secure evidence as to the identity of the guilty party. A thorough investigation of the case was made and all possible clues were run down; the place where the alleged assault took place was thoroughly examined and the people living in that vicinity were interviewed. The fact that the date of the occurrence was not fixed with certainty made the investigation more difficult. After a thorough investigation continued for many weeks, and after tracing up every bit of information turned up, we could not find any evidence tending to corroborate the statements of Mrs. Garland's daughter, Nellie, and our investigation showed that in some important particulars her statements were contradicted by evidence in our possession. We did not secure any corroboration of the daughter's story connecting C. E. Ward with this alleged assault, and some of the evidence flatly contradicted the girl's statements. This office has no object or motive to shield Mr. Ward from prosecution if we had sufficient

evidence in our possession to warrant us in issuing a complaint.

"Whatever transactions Mrs. Garland had with Mr. Ward in the matter were carried on upon her own responsibility."

Statement of Deputy District Attorney S. S. Finley

S. S. Finley, deputy district attorney, makes the following statement in regard to the Nellie Garland-Charley Ward case:

"About a year ago, Mr. Davis gave me a brief statement of the Nellie Garland case, saying that he had been unable to secure sufficient evidence on which there would be any probability of a conviction, and that he did not care to bring this young girl into court before the public gaze of the community, unless there was some hope of conviction."

"Mr. Davis told me that Mrs. Garland was coming in and that he wished I would use every endeavor to get at any further facts in the case and find out the truth if it was possible. When Mrs. Garland came in, she told me her story, which was about as follows: That on the night she claimed her daughter was assaulted, she and her daughter and her youngest son, Glenn, were at the church; that she was delayed at the church for some reason for a half hour or so, and that she told Nellie to go on home with Glenn, that when she arrived home, Nellie was not there; some time after she had retired, Nellie came home and came to her bed, saying that some man had pushed her off her wheel and that she became unconscious and that was the reason she was so late getting home, that at that time Nellie did not tell her all that had transpired, for fear her father would get

Within a short time the Detention Home on Grand avenue will be ready for occupancy. The work of remodeling the school building is now being hurried, and the building will be ready for occupancy soon.

And when it is completed, and it is ready to become an institution, and that is its superintendent?

That is a question to be considered by the Juvenile Court Commission and the Board of Supervisors. It seems to be understood that the

up and punish her, as both of them had repeatedly told Nellie not to be out alone at night.

"Mrs. Garland at the time gave me a number of clues to run down, which I did, but which threw no light on this case. I asked Mrs. Garland if there was any way she could prove the exact date of this alleged assault, and she said she could get it from the recorder or the secretary of the church, as she remembered well what they were doing at the church that night, and that his minutes, which he kept of their meeting, would show that date. I asked her to get that date and bring it to me, that I might have some starting point from which to work. On two different occasions after that she came back to this office, but still had not secured the date. I think it was the third time when I told her that she must get me that date before I would attempt to do anything further, that she could not be thrashing around in the dark, that I had asked her on several different occasions to get that date and she had failed to do it and that now I wanted it. The next time she came back to the office she informed me that she had seen the secretary and that the date of the alleged assault was Thursday night, November 12th, 1908. Mrs. Garland had related to me the incident of Nellie having, on the Monday following the alleged assault, in front of Mr. Trickey's store, seen the man who committed the assault; that she pointed the man out to one of her boy friends and that he had told her that man was Charley Ward. Some time after that I sent for Nellie Garland to have a talk with her. She made practically the same statement that her mother had, with the exception that instead of going directly home with her brother, as her mother had told her, she went walking with a boy friend of hers, and that she left her wheel by the Richelieu Hotel, and that she came back there, got on the wheel and rode home; that this assault occurred on the way home. I asked her if she was very positive that the man she saw in front of Mr. Trickey's store working on the street was the man who assaulted her on the night alleged. She said that she was positive and that she could not be mistaken; that there was no doubt about it. On further investigation I learned from Mr. Ed. Tedford, city clerk, that on this Monday when Nellie Garland was positive she saw the man who assaulted her, in front of Mr. Trickey's store, Mr. Tedford and Mr. Charles Ward were that day in attendance in Sacramento at a meeting of the representatives of the different municipalities of the state.

"The next time Mrs. Garland was in the office I told her what I had learned from Mr. Tedford as to Mr. Ward's whereabouts on the alleged Monday, and that from that fact, Mr. Ward must be eliminated from the case, that it must have been some other man or must have been some other date."

I have since on several different occasions told Mrs. Garland that if there was any additional information that she could give me, I would very cheerfully run it down and render any assistance that this office could possibly render.

"Mr. Ward has on several different occasions requested that we permit Mrs. Garland to swear to a complaint, that he might have an opportunity to vindicate himself. At each time I have told Mr. Ward I was willing to give him a chance to be vindicated if I could without bringing Nellie Garland's name before the public and doing the girl an injury; that very few of the public knew of the circumstances; that very few of the public knew Nellie Garland, and if a complaint were filed, she would have to come into court and testify and be gazed at by a curious rabble; that the girl would doubtless be gazed at on the street by many people, who now did not know her, and it would make it much harder for the girl in this community; and that for the sake of the girl and her welfare, I thought best for all concerned to just let the matter rest, as the public had entirely forgotten it. I am still of that opinion, and regret exceedingly that someone, who has had little regard for the welfare of this young girl and her future, has induced her and her mother to make a public statement which will positively do no good to anyone and work much injury to this young girl."

Board of Supervisors, which will make the appointment, will take no action until it has a recommendation from the Juvenile Court Commission. The consensus of opinion seems to be that the Detention Home should be supplied with two officers, a superintendent and a matron, and that they should be man and wife.

Among the applicants for the position are L. H. Hill and wife and Frank Feighner and wife. A San Diego couple may also apply.

STIFF WORK GIVEN BY  
OFFICERS TO MILITIAMEN

CAMP ATASCADERO, Sept. 20.—Staff officers today paid particular attention to the Arizona and New Mexico militiamen. They were drilled in battalions by the regular officers. These troops will be given the brunt of the work because they leave on October 1, when the California guardsmen will arrive.

PROBE COMMITTEE  
BEGINS MEETINGS

Lorimer Suspected of Bribery  
Was Not Called—Hearings  
Will be Public

CHICAGO, Sept. 20.—The senatorial inquiry into the alleged legislative bribery in connection with the election of United States Senator William Lorimer, begun today. All members of the committee were present except Frazier of Tennessee, and Baileys, of Connecticut.

The committee met this morning to determine on procedure and the scope of inquiry which it will undertake. The meeting is inexecutive, but the hearings will be public.

Senator Lorimer was at the hotel but did not see the committeemen. It is said it is unknown whether he will be summoned to appear. Burrows of Michigan, announced that the real hearing would commence tomorrow.

The committee is acting as a subcommittee, and probably will not make any findings. The facts will be gathered to be submitted to the full senatorial committee of elections and privileges.

TAWNEY IS HAVING  
ROUGH SLEDDING

Majority Will be Much Reduced  
In the Vote Being Cast Today in State Primaries

MINNEAPOLIS, Sept. 20.—Reports from the state wide primaries indicate that Congressman James A. Tawney is being rebuked by a reduced vote, if he is not actually defeated for the renomination.

The weather is fine and a heavy vote is probable. The fourth district poll-writers predict that Stevens, the standpatter, is winner over Halbert, insurgent. Congressman Nye of the fifth district is reported as having a hard time. He is a "regular" and his opponent is Albert Hall, an insurgent.

REFUSES TO RESIGN  
AS RECOMMENDED

Highway Commissioners Expect to Serve for Two Years as Appointed

LOS ANGELES, Sept. 20.—Following the presentation of the report of the Highway Commission investigating committee, the members whose dismissal the report recommended, today refused to comply. Martin C. Marsh declared the supervisors have no power to affect the removal of the commissioners.

"We were appointed to serve two years and we will serve until the expiration of our term," he said. J. W. Calvery agreed, Deputy District Attorney Shaw, the board's legal adviser, concurred, and "Tus" Eldridge declared that he will not vote for the commissioners' removal.

The general sentiment of the board appears to be to await the return of Chairman George H. Bixby. F. W. Blanchard, of the advisory committee, declared the committee would have an executive meeting if possible this afternoon. He refused to make a statement as to the pending meeting.

WHO WILL BE NAMED TO TAKE  
CHARGE OF DETENTION HOME?

Board of Supervisors, which will make the appointment, will take no action until it has a recommendation from the Juvenile Court Commission. The consensus of opinion seems to be that the Detention Home should be supplied with two officers, a superintendent and a matron, and that they should be man and wife.

## POLITICS AT BERRYDALE

Smith and Kellogg Getting up  
Fence for Hog Pasture—  
News Notes

BERRYDALE, Sept. 19.—R. P. Mitchell, wife, babies and the automobile were out to visit us today. Dick talked about the weather, crops, possible rainfall the coming winter, discoursed learnedly on raising shoats, complimented my wife on her good looks, chuckled the baby under the chin, but nary a word on the most engrossing topic to both of us—politics. Some one must have told him that possibly I might be a Democrat. Take them as they run, by and large,

## COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrapper, and attest its correctness under oath, are daily giving in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the public know the ingredients of his medicines, he has printed on the wrapper of each bottle, the names of the ingredients, and the medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed. These medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while recommended to cure consumption in its advanced stages, no medicine will do, yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and biliary troubles, weak lungs and bronchitis, which, if neglected or badly treated lead up to and finally result in consumption. Take the "Golden Medical Discovery" in time and it is not likely to disappear, you if only you give it a thorough and fair trial. Don't expect miracles. I won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed are the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimony. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

Dick's a fairly good boy, as California boys go, and if his name had chanced to have found its way onto my ticket, I might have voted for him, more as a compliment to Mrs. Mitchell than otherwise.

These are complex times for the politician and the poor wife—oh, the poor wife! Hubby does some of the most outrageous stunts and blames his candidacy for them all.

Mr. M. was detected crawling out from under the coverlets the other morning with his stand-up collar and necktie on, suspenders crossed and his stockings wrungside out. The same morning he took the currycomb out to the garage to brush down the automobile. Mrs. M. says he drove the machine up to a watering trough, and then almost swore because the "old thing" refused to drink.

Smith and Kellogg are unloading a car of lumber at the Grove today. These gentlemen have engaged extensively in the hog business and the car of lumber will be used in fencing off a five acre tract of alfalfa into small lots, which in turn will be pastured by the porkers. They have on hand now, about seventy-five head of various breeds and sizes, and will add to the number and variety as fast as they can be located.

Samuel Bohn of Delhi has just shipped in from Arizona a bunch of 140 "longhorns" which he will fatten on beet pulp.

Mr. Horton, of the firm of Horton & Eaton, was here one day last week and during the conversation intimated he had gone to Aliso beach on a fishing trip largely influenced by an article I had in the Register some time ago. In advising my friends to go to Aliso, where fish and game are always found in abundance, I overlooked one important item, and no doubt the one which would have prevented Mr. Horton from meeting with the ill luck he bemoans. Down there you should never bait your hook with a bacon rind.

I have often wondered why the road supervisor had scattered so many loose rocks in the road on South Main street, but today the wisdom of the scheme came to me like a wart on your nose. They help to hold the auto whizzers down to a 40-or-below-mile gait. In the name of humanity and for the safety of ordinary mortals scatter the boulders, Mike.

Unannounced and uninvited I called at the residence of Dr. Bruner the other day and had a very quiet chat with two of the nicest young ladies it has been my pleasure to meet since I crossed the Cachelapondria. Thanks to Mrs. B. I was permitted to enjoy a good long visit with the girls, and no doubt would have remained longer, only one of them yawned, and the other caught the infection, and they both yawned in unison. I have had single girls, that is, girls in the "single" state work the "yawn" racket on me before—you needn't laugh, gol darn you—you have, too—but I never had them do it by twos. They are twins and as near alike as peas in a pod, or anywhere else for that matter. One has flaxen hair, the other brown; one is robust, the other slim, but they are so much alike all the same, the only way the doctor can tell them apart is the mother usually puts a pair of red stockings on Mary Jane and blue ones on Mary Ann. One time the nurse forgot which way they went, and put the red stockings on the wrong child and the blue ones vice versa, and the children's names have been changed ever since. Now, Mr. Chairman, I move you the Bruner twin girls be kept on exhibition all the time during Carnival as one of the choicest products of Orange county, and gratuitously offer the services of Mit Phillips to wheel them around. Mit hasn't a thing in the world to keep him out of mischief, and a little needed exercise would be quite welcome.

Speaking of the Carnival, as in former years, Berrydale is going to have the best exhibit in the show, or break a king bolt. Why we were not invited to furnish a "maid of honor" is a question I have had to dodge from more than fifty old maids living in this locality, and any one of them would willingly, yea, cheerfully grace this court, or any other court.

### DROPPING PARTY PREJUDICE

The Republicans are not having all the troubles by any means. As recently pointed out by this paper, the Democrats of Tennessee have raised an insurrection against the Patterson machine, which was an alliance between Booze and Big Business. The people won't stand for it any longer, and Governor Patterson who had been placed in nomination by the Democratic State Committee as the regular candidate to succeed himself was, under the pressure of popular opinion, forced to resign his candidacy.

But this did not change the condition as he had hoped, and the independent Democrats have held a convention and unanimously endorsed the Republican candidate. That is going it pretty strong, but from what can be learned of the situation, it is one that requires heroic treatment which is just the kind that is being given it. A part of their platform is worth reading, as it speaks with exceeding boldness and clearness on questions of the most vital interest.

Here is a little bit of it:  
"When the governor of the State in violation of his oath of office, refuses to uphold and enforce the law, he becomes a teacher of anarchy and an enemy of Republican institutions, and a menace of the security of human life and property rights."

Good for the Democrats of Tennessee, or any other State who are capable of getting far enough away from party prejudice to say such things when the circumstances justify; and good for the Republicans of California and any other State who have the spirit and sense to do the same thing! All over the country the people seem to be reverting to first principles and going back to the fundamentals of Republican government.

Booze and Big Business have drawn us away from justice, equity and the square deal, and we must forget all minor things until we get them re-established. The good work is going on with amazing rapidity, and when Hiram W. Johnson becomes Governor of California, which has been the greatest sufferer of them all, will be far advanced on the way toward the re-establishment of democratic government.

#### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

#### CATARRH GERMS

Move Out When Hyomei Moves In  
No Stomach dosing. HYOMEI (pronounced High-o-me) is made from the highest grade of eucalyptus, taken from the eucalyptus forests of inland Australia, and combined with the excellent antiseptics employed in the Listerian system.

In inland Australia the atmosphere is so impregnated with balsam thrown out by the eucalyptus trees that germs cannot live, and in consequence catarrh and consumption are unknown.

Breathe HYOMEI and get the very same pleasant, healing, germ-killing air as you would get in the eucalyptus forests and kill the germs.

HYOMEI is sold by the Rowley Drug Co., and druggists everywhere, at \$1.00 a complete outfit.

An outfit consists of a bottle of HYOMEI, a hard rubber pocket inhaler and simple instructions for use. The inhaler will last a lifetime, but bear in mind if you need another bottle of HYOMEI you can get it at druggists for only 50c at any time. Guaranteed to cure catarrh, croup and throat troubles, or money back. Trial sample of Hyomei free to readers of the Register. Address Booth's Hyomei Co., Buffalo, N. Y.

Very active interest is being shown in the Braggiotti-Wood Free Scholarship in the vocal department of the Conservatory. Some deserving person is going to win this and thereby get a fifteen weeks' course of strictly high-class vocal instruction. The voice class is already a large one and is growing daily.

Do you know that this section of the United States is rapidly becoming famous for its beautiful voices? While I was in Europe I heard many comments on this matter of the California voice. I met more people from California, too, than from any other section of the globe.

American voices in general are the ones most sought after, and the demand for well trained singers was never so great as now. The awakening interest in opera, oratorio and musical art in general that requires beautiful voices, artistically trained, means an enormously increasing demand.

## Society

**Clover Club**  
The Clover Club, which has been holding its meetings during the summer in Birch Park, met at Mrs. T. P. Miller's, 1413 Bush street, on Monday afternoon. Mrs. H. C. Worthing of Orange, who soon leaves for Tulare, was a guest.

Mrs. Miller, who was a charming hostess, served most delicious luncheon. The prevailing color in these and in the house decorations were pink and lavender.

The members present all had a very good time, and will look forward to the next meeting, which will be at the home of Mrs. P. G. Beissel on South Main.

**Travelers No. Two**  
The season for Travelers Club, No. 2, opened yesterday with a very delightful meeting held at the home of Mrs. D. H. Thomas on Main street. The general subject for the afternoon was "Berlin" and as the readings were given by various members of the club, many interesting comments were made by Mrs. Addison Cole, recently returned from a trip abroad in the course of which she visited Berlin.

Following the study session, Mrs. Thomas served dainty refreshments. The next meeting will be held with Mrs. Louise Scarborough, North Main street.

**Birthday Party**  
Miss Madeline Keech was eight years old yesterday and with the help of several of her little playmates, had the jolliest sort of a party at the home of her father and mother, Mr. and Mrs. E. E. Keech on Washington avenue. She invited the Robertson girls, Louise and Grace, and the Hervey children, Virginia and Josephine. Then there were Barbara and Bobbie Nourse, who are out here to visit their grandpa, besides Dorothy Heil and Madeline's brother, Douglass Keech. Best of all, Madeline's big sister, Miss Helen, "no teaches at Orange, came home and played with the children. Another welcome visitor was Earl Gardner, who is aged twenty-one and who knows just how to do all sorts of tricks, and who showed all his skill yesterday for the little folks who watched him with round-eyed wonder. "Why, he even swallowed a thimble and got it out of his ear," said the young hostess this morning when she gave the particulars of her party.

The children played one game over five times, for it was "such fun." Then there was a big birthday cake, which was the crowning joy, surpassing almost in excellence that wonderful trick of the thimble. Anyway, the children had a good time every minute of the party.

**Birthday Surprise**  
Mrs. G. W. Stearns gave a birthday surprise Monday evening at her home in honor of her husband and Mr. V. Cook. The jolly gathering was composed of the members of the young married people's class of the M. E. church. The evening was spent in singing and in conversation, after which the honored guests were surprised by the bringing in of a big cake bearing their names. Refreshments of ice cream and cake were served.

**Garden Grove W.C.T.U.**  
The W.C.T.U. of Garden Grove will meet Wednesday afternoon, Sept. 21, at 2 o'clock at the schoolhouse auditorium. Speakers from Los Angeles are expected to be present. All are invited.

**Dinner Party**  
Roses were used in decoration at an informal dinner party given last evening by Mr. and Mrs. Walter Prince. The dinner guests were Miss Newell, Miss Long, Messrs. Ernest Morrow and Murray Vandermast.

**Reunion of Camping Party**  
A pleasant evening was spent last night by those who were camping together at Camp Baldy for a few weeks last summer. Those in the party were Dr. and Mrs. W. O. McLeod, Mr. and Mrs. J. H. Edwards, Misses Sullivan, French and Randall. The reunion was held at the home of the McLeods, 632 Birch street, and during the evening the hostess served refreshments.

# CITY TRUSTEES MAY DECIDE TO LOWER GAS AND ELECTRICITY RATES

## COMMITTEE APPOINTED TO FIND OUT WHAT OTHER CITIES PAY

### Tax Rate For Coming Year Remains \$1.20, As Last Year— Street Matters Before Council

The city trustees last night fixed the Santa Ana city tax rate at \$1.20, the same as last year.

That was one important item of the evening's meeting. Another item that will interest a large share of the people of the city was the appointment of a committee to make an investigation into the rates paid by other cities for gas and electricity. Trustees Thompson and McNaught were named on that committee.

The trustees have had the matter of reducing the rates in Santa Ana under consideration, and the gathering of data has already commenced, and it is believed that the information now in the hands of the trustees points to the passing of an ordinance setting lower rates for gas or electricity or both.

The present rates are: For gas, \$1 per 1,000 cubic feet; for electricity, 12½ cents per K. W. hour.

**The Tax Rate**  
The tax rate of \$1.20 will raise the sum of \$71,782.56. There was little change in the items from last year. A cent was taken off the water works

and added to the general fund. The items are:

General fund, 46 cents; street, 27; library, 7; sewer bonds, 16; water works bonds, 15; city hall bonds, 3; schoolhouse bonds, 2; fire department bonds, 2; bridge bonds, 2.

**Bought Roller**  
Trustee Thompson reported that the street superintendent had tried out the steam roller brought here on trial by Henshaw-Buckley Co., and had found that it did all the work put to it. On motion the roller was bought by the city. The price by bid was \$3350. A guarantee for a year is to be given.

A contract for paving North Main street from Santa Clara to the north city limits with petrolithic pavement such as is on French street, with one inch more gravel was sanctioned. Those signing the contract are Jackman, Salisbury, Morrison, Nisson, Grubb, Stafford, Wilcox, Leadworth, Slack and Coe.

With this contract went a petition for the establishment of a sewer system for the district north of the bridge, an outlet through Munson's property to the gravel of the creek being planned. This petition asked that the district be given credit for all the sewer tax it has hitherto paid

into the city. Trustee Harris said that at present he did not know that the district plan is practical, as the law has not been tried out. He said the matter might be adjusted, which was the last word of the city's attitude on the matter.

**More Petrolithic**  
A petition for paving Birch street from Third to Fifth with petrolithic was granted. Signers were the West End Improvement Co., Mrs. Marks, Mrs. Czarke, Mit Phillips and the Armory.

A contract was presented for paving West Fourth from Parton to Baker with Asphalt, the Fairchild, Gilmore, Wilton Co. to do the work. There was 3819 feet signed up and 633 feet unsigned, of which 200 feet had promised to sign.

In order to have all the work done, the council instructed that the Vrooman Act procedure be begun and carried through. The expense of this procedure will fall upon the property

### LOS ANGELES PRODUCE MARKET

The first car of eastern cranberries of the year arrived yesterday morning, consigned to two concerns which immediately distributed them broadcast on the market. The price of the berries was fixed at \$10 per barrel. They are from Cape Cod, and are of excellent color and size, with a small percentage of softs, so small that there is no necessity of screening the stock, which is often essential later in the season. The Oregon cranberries dropped off in price considerably because to the eastern varieties they are inferior in appearance.

The first large receipts of local cauliflower are appearing on the markets. The stock up to the present time has been poor. Much of it is very yellow, making it unsalable with the trade. Others have small heads, immature and badly formed. Prices on fair stock are 50 cents a dozen. Choice select northern cauliflower is bringing as high as \$1.50 per dozen.

Prices on all grades of eggs were unchanged. There was a very active demand for both locals and eastern stock and the market showed more firmness at the opening of the week.

than at the close of last week. Receipts reported were only 69 cases.

Butter moved well, particularly extra fancy stock. There were no changes in any grades. Receipts were 10,200 pounds of local stock.

Cheese arrivals totaled 5468 pounds. The demand for cheese was limited to eastern varieties. There were no changes in any varieties and Oregon arrivals were reported on the increase.

Receipts of potatoes were among the heaviest of the year, and the market showed considerable weakness under this pressure. There was some underselling of Highland stock. Total receipts were 8147 sacks or all of 27 cars.

Onion arrivals were 350 sacks. The market on onions continues to advance, and arrivals were reported at 350 sacks. The best quotation on most varieties at present at \$1.65 per hundred.

A car of beans arrived from the Ventura district, and was distributed among several of the big dealers. Total receipts of the commodity were 348 sacks. There was reduction down the line in most of the varieties.

Sweets of good quality sold down again to \$1.75 per hundred. This decline is due to increased arrivals in the past few days. Yesterday 107 sacks were received.

The first persimmons of the year were reported in and sold at 6 cents a pound. They are only good for packing as yet, being too green for immediate consumption.

The cantaloupe market, which showed so much firmness for three weeks struck a sudden snag. Warm weather caused a great many of the melons to ripen at once and in the morning there were wagonloads of them on both markets looking for buyers at any old figure. The melons sold from \$1 to \$1.50 per crate between wholesaler and retail dealers. Casabas sold from \$1.50 to \$1.75.

Other fresh fruits were plentiful and prices were all down fractionally. Peaches and grapes are moving slowly.

Fish receipts were confined to barracuda, kingfish, yellowtail and carp from the north.

### NOTICE.

### LUCAS GROCERY STORE IS SOLD TO M. C. KENTON

M. C. Kenton of Globe, Arizona, has bought the A. G. Lucas grocery and took charge of the store today. Mr. Kenton is a grocer of many years experience, is a very pleasant gentleman to meet and it is safe to say he will conduct his business in a way that will not only hold the large trade built up by Mr. Lucas, but that it will continue to grow.

Mr. Lucas and family will start in a short time on an extended eastern trip, visiting places in Kansas, Minnesota and Oregon, where they have formerly lived. He will continue to hold his residence here.

Mr. Kenton is temporarily living at the Parsons Apartments.

### Victim of Drink Needs Orrine

—Drink cunningly destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more the drink that he craves. Medical treatment is necessary. Orrine will destroy the desire for liquor, so that the drink will not be missed and restores the patient to health.

This remedy is thoroughly scientific and is so uniformly successful that it is sold with a registered guarantee to refund your money if it fails to effect a cure. Booklet on "How to Cure Drunkenness," free on request. The Orrine Co., 782 Orrine Building, Washington, D. C. Sold in this city by Hervey & Parsons, corner Bush and Fourth streets.

### HON. J. G. WOOLEY TO SPEAK IN SANTA ANA

Hon. J. G. Wooley, the well known speaker and worker for prohibition, has been secured for an address in this city on Wednesday, Sept. 28, at the First M. E. church, at 8 p. m. His subject will be, "Law and License."

Mr. Wooley is passing through California from Hawaii to Washington, and stopping to fill a Los Angeles lecture engagement had one day free and was thus fortunately secured for a night at Santa Ana. He is famous wherever the cause of prohibition is known and there are many who will be eager to hear him on a subject so pregnant with possibilities for the exposition of principles.

### A Growing Revival

The revival grows in interest at Talbert. Sunday Elder Evans received seven members into the church as a result of one week's labor. The crowd continues to increase, in spite of the criticism of some would-be "bosses." Like Roosevelt, Evans thinks he is fortunate in his enemies. On next Sunday, aside from the regular services, there will be a service in the tent for Spanish speaking people, at 2 o'clock. Rev. Dr. Shoaff will be present at the camp meeting next Saturday evening and Sunday morning. There is a profound interest in the neighborhood.

A cordial invitation is extended to the public to attend these services. The following ministers have been in attendance and assisting: Rev. R. R. Raymond, an evangelist of no small note, Rev. W. C. Clark of Bolca, Rev. R. C. Douglas of Santa Ana, and the pastor, Rev. L. D. Barr, whose evangelistic labors have taken him fourteen times across the Rockies, and who says Elder Evans has no peer as an evangelist, fearless and faithful.

## THIS WEEK

FRIDAY and SATURDAY

September 23rd and 24th

You are cordially invited to attend the Style Event of the year. All former efforts will be surpassed in making a grand display in all departments.

### Millinery That's Different

This department this season will be a blaze of dazzling beauty. Truly a transformation in every particular. Our millinery was never so rich and beautiful. Delightfully becoming to the average woman. The dominating fashions are the charming mushroom effects and shapes. The stunning large French hats, also the smaller smart tailored models, and last but not least are the saucy, jaunty turbans not like many others, but they have a class all by themselves. Our prices are not the fancy ones, charged in many places. But reasonable in every way. Just the dry goods way. You can save a few dollars by buying a hat from Gilberts.

### Tailored Suits

Our handsome new suit department will put on its best dress for our grand opening. We have misses' suits as well as ladies. We are showing a number of fine styles in extra large sizes for stout people. We have our own alteration department and guarantee a perfect fit. We do all alteration free on the better grades of suits. On the cheaper suits we charge a reasonable price for doing the work. The coats are shorter than last season, 32 and 34 inches long and all on the man tailored effects, made in a large variety of different cloths. Our business so far has been double of last season. There must be a reason. Come and find out for yourself.
